

Smart air conditioning that now sees.

iZone gives you peace of mind, at home or away with their new Smart Video Doorbell and Smart Indoor Camera. Now you can protect all your valuables by monitoring your home, inside and out.

Smart Video Doorbell – Never miss a visitor.

Get instant notifications when someone rings your doorbell. See and talk to them from your phone, just like a video call even when you aren't home.

- Integrates with iZone Air Conditioning System.
- Real two-way radio for superb clarity.
- Visitors can listen, speak and leave voice messages.
- Built-in facial recognition feature to detect family and friends.

Smart Indoor Camera – Home surveillance made easy.

Keep a watchful eye on your pets, kids or intruders – the ultimate protection for everything inside your home.

- Watch footage in real-time and store for viewing later.
- 360-degree views can capture your whole living space.
- Track movements with pre-set focal points like the front door.

Total piece of mind.
